

Car Park Permit User Guide

This guide explains how to create, review, and complete car park permit requests in the Workflow application.

Who Uses This Guide

The workflow supports these roles:

- Employee, who creates the request
- Manager or HoD, who approves or reworks the request
- Admin, who reviews, approves, or issues requests when required

Workflow Process

Access the Workflow

- 1. Log in to the system.
- 2. Open the Workflow app.

Workflow

Requester

1. Click **New Request**.
2. Fill in the required information.
3. Click **Submit**.

VEHICLE INFORMATION	
Plate Number ?	Enter plate number
Year of Production	2026
Car Model	Toyota Camry
Car Color	Select Car Color
Remark	
Requirement document: • Company ID Card • Driving License • Car Registration	

Approver

1. Go to **Workflow -> Car Park Permit**.
2. Open **My Approvals -> My Contribute List**.
3. Enter a comment.
4. Choose one action:
 - **Approve**
 - **Reject**
 - **Rework**

View Flow	Action 3	Draft	To Submit	Waiting for Next Approval	Completed
CPP00C	Rework Reject Approve	HOD Decision			
Latest Tra	Submit (Submit)	Pending Approvers Phann Malinka			

Issue a Request

Use this flow when an admin needs to complete the request issuance step.

1. Go to **Workflow** -> **My Requests**.
2. Open **My Contribute List**.
3. Complete the task, then click **Issue**.

You can also find assigned requests from the clock icon at the top-right corner. Select **Today** to see requests that need attention.

Note

Status Explanation

Status	Meaning
Draft	The request has been created but not submitted.
Waiting Approval	The request is waiting for Manager or HoD approval.
Approved	The request has been approved.
Rejected	The request has been rejected.
Reworked	The request has been sent back for changes.

Notifications

Users receive notifications when a request is submitted, approved, rejected, or reworked.

Track Request Progress

Select **View Flow** to see the visual workflow progress.

Delegation

There are two delegation options:

1. **Redirected**: Transfers full approval authority to another person. The request leaves your queue and moves to the selected approver.
2. **Share**: Keeps you as an approver and adds another person to help. Both of you can view and act on the request.
