

Purchase Request User Guide

This guide explains how to create, review, and complete Purchase Request records in the Workflow application.

Who Should Use This Guide

- Requesters (employees) who submit requests
- Approvers (Manager or HoD) who approve, reject, or send back requests
- Admin users who complete the purchasing step

Workflow Overview

Access the Workflow App

- 1. Log in to the system.
- 2. Open the **Workflow** app.

Reference

Status Meaning

Status	Meaning
Draft	Request is created but not submitted.
Waiting Approval	Request is waiting for Manager or HoD decision.
Approved	Request is approved and ready for next step.
Rejected	Request is rejected and closed.
Reworked	Request is returned to requester for updates.

Notifications

Users receive notifications when a request is submitted, approved, rejected, or reworked.

Track Progress

Click **View Flow** to see the current workflow step.

Delegation

There are two delegation options:

1. **Redirected**: Transfers full approval authority to another user.
2. **Share**: Adds another approver while keeping you as an approver.
